18th - 19th September 2026

Pre-Conference Workshop: 17th September 2026

About the conference

The **International Conference on Advances in Sustainable Development, Innovation and Business (IC ADIB-26)** aims to provide a global platform for academicians, researchers, industry professionals, policymakers and doctoral scholars to deliberate on the evolving role of sustainability in a digitally transformed world.

In the context of rapid advancements in digital technologies such as artificial intelligence, analytics, automation, and Industry 5.0, organizations are increasingly required to integrate sustainability, ethics, and responsible governance into their strategic and operational frameworks. This conference seeks to explore innovative management practices that balance economic performance with social responsibility and environmental stewardship. The conference will foster interdisciplinary dialogue, encourage evidence-based research, and facilitate knowledge exchange on how digital transformation can act as a catalyst for sustainable and inclusive growth across sectors.
